Re: Information Request/Coakley Landfill Site

Dear Mr. Calder:

Please accept this letter as our notice to you that our office represents Coating Systems, Inc., recipient of the EPA's Section 104 Request for Information concerning the Coakley Landfill Site. Coating Systems, Inc. advises that it will engage in good faith negotiations to determine the extent of its liability, if any, and the extent of its contribution, if any.

Per the EPA's Request for Information, please find the following:

- 1. Respondent is Coating Systems, Inc., 55 Crown Street, Nashua, New Hampshire, 03060. Aram Jeknavorian has answered these questions on behalf of Respondent.
- 2. Respondent has only one office located in Nashua, New Hampshire. Coating Systems, Inc. manufactures and mixes industrial palmer coatings and adhesives which are used by leather, electronics, printing, apparel, automotive and other businesses. Coating Systems, Inc. also operated a waste transportation, storage and brokerage business. Coating Systems, Inc. submitted an RCRA Part A application in November 1980 and received an EPA identification number as an interim status facility. The business managed both RCRA hazardous waste as well as other solid and liquid "non-

- 20. (a. o.) Respondent, to the best of its knowledge, did not accept any materials for transport to the Coakley site. Respondent does not have any information concerning other parties who may have transported materials to the Coakley site.
- 21. Respondent does not have any information concerning other parties who may have released hazardous substances at the Coakley site.

By way of further response, counsel for Respondent contacted Timothy Williamson of the Office of Regional Counsel concerning any information the EPA may have relative to Respondent's potential contact with the Coakley Landfill site. Attorney Williamson stated that Coating Systems was named as a transporter for Pease Airforce Base and Palmer Chenard Company, both located in the North Hampton area. Based on this information, Respondent submits the following manifests for Palmer Chenard and Pease Airforce Base indicating that Respondent was a transporter for these two entities, and transported certain materials to designated facilities as indicated in the manifests. At no time did Coating Systems dispose of any materials at the Coakley Landfill.

We trust that the above information is responsive to your request. Should you have any further questions, please do not hesitate to contact Mr. Jeknavorian or this office.

Very truly yours,

Elizabeth A. Ryar
